

TT-84 Turntable Washer

No commercial kitchen facility is complete without an Alvey® Equipment washer

The Alvey TT-84 turntable washer is a highly efficient, high-capacity continuous style wash and rinse unit designed for a high-volume environment that a single individual can operate. Will wash standard 18"x26"x1" sheet pans along with the trays, pots, pans, and kitchen utensils. When fully loaded, the TT-84 cleans one cooking bowl & 9.6 pans per minute (576 pans per hour).
