

CINCINNATI

Specialized Washers and Dryers for Manufacturing Battery Cans

With battery demand well-outpacing supply and battery sizing changing on the fly, battery can manufacturers need high output and versatile production equipment. Cincinnati Industrial Machinery battery can washers clean thousands of battery cans per minute with automatic quick adjust to accommodate various shapes and sizes.

Decades of experience
designing and
building machinery
for a variety of
industrial cleaning
applications

TRUSTED PROVIDER OF SPECIALIZED WASHERS ACROSS THE GLOBE FOR NUMEROUS INDUSTRIES:

- Industry-proven long-term reliability with hundreds of machines still in operation with high uptime performance, some with more than 40 years of production
- A large customer base of machines installed worldwide, including several leading battery manufacturers
- Complete lines of industrial washers, industrial ovens, and finishing systems

Increasing battery production and decreased manufacturing costs with faster, more efficient washing and drying processing times

We provide comprehensive support from engineering to installation. At build completion, we conduct a customer run-off, giving confidence that the equipment is running smoothly before shipment.

Our superior aftermarket team provides installation, startup, and training services, helping to get production up and running fast!
